**POSTUM**

This beverage contains none of the coffee drugs (caffeine, tannin, etc.) which are responsible for many human ailments, big and little. Postum is a food-drink made from pure wheat and a bit of molasses. It is prime and contains only the wholesome goodness of the grain.

Postum comes in two forms.

Regular Postum—must be boiled. 15c and 25c packages.

Instant Postum—a soluble form. A teaspoonful stirred in a cup of hot water dissolves quickly and makes a most delightful beverage, with cream and sugar added to taste. 30c and 50c tins.

The cost per cup of both kinds is about the same.
